DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see remarks, filed 10/11/2005, with respect to claims 1-25 have been fully considered and are persuasive. The rejection of claims 1-25 has been withdrawn.

Allowable Subject Matter

2. Claims 1-25 are allowed.

3. The following is an examiner's statement of reasons for allowance: Applicant's remarks concerning the Ayers reference are persuasive. The system claimed by Applicant, which allowed for debugging and replay of HTTP requests and responses, is distinguished over the prior art. Debugging systems such as Ayres exist in the prior art. However, no reference has been found which does such debugging in a web server environment concerning HTTP requests and responses in order to trace errors in the web server environment using a graphical display as claimed by Applicant. See specification, page 9, paragraph [0045]. See specification, page 11, paragraph [0056]. See Applicant's remarks of 10/11/2005.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
